MEMORANDUM FOR: Policy and Coordination Staff (PCS)

STAT

FROM:

STAT

Chief, Liaison Division  
Office of Legislative Liaison

SUBJECT: Senate Select Committee on Intelligence (SSCI)  
Hearing on International Narcotics

Attached for your information and possible dissemination to International Activities Division (IAD) are copies of the Deputy Director for Intelligence (DDI) statement to SSCI on 16 May and the National Security Agency (NSA) statement at the same hearing.

There will be a number of questions for the record but I do not think any action is required of the Deputy Director for Operations (DDO). The main item for consideration is a SSCI request to declassify as much as possible the information on the narcotics threat to the United States. National Intelligence Officer (NIO)/Narcotics will handle this.

There was a closed briefing for Senator Barry M. Goldwater (R. AZ), Senator Joseph E. Biden, (D. DE), Senator William S. Cohen, (R. ME) and SSCI staffers Robert R. Simmons, Gary J. Schmitt, Keith Hall, Thomas Connolly, Peter Sullivan, and Gary Chase. This session was addressed by John H Stein, Deputy Director for Operations
